

PESTS CONTROL

A champion is defined not by their
wins but by how they can recover
when they fall.

QUICKBAYT® FLY BAIT

QuickBayt® Fly Bait starts killing nuisance flies in as little as 60 seconds¹. It's ready to use indoors or outdoors as scatter bait, in bait stations, or as a paint-on. QuickBayt® Fly Bait also contains two fly attractants to lure flies, and Bitrex®, a bitter substance to help prevent accidental ingestion by children and animals.

PART #	DESCRIPTION	PRICE
223-1045	35LB QUICKBAYT BUCKET	\$192.30

FAST-ACTING SPOT FLY SPRAY

QuickBayt Spot Spray can be applied on virtually any surface in and around hobby and recreational farms and rural environments where house flies congregate. Can be used in cattle, poultry, swine, sheep and goat facilities, and even dog kennels and horse stables. Simply mix the 16 oz with one gallon of water. A gallon of the mixture will treat 1,000 square feet of fly resting surfaces!

PART #	DESCRIPTION	PRICE
223-1008	QUICK BAYT SPOT SPRAY (1LB)	\$49.26

LIVESTOCK SPRAY CONCENTRATE

A non-toxic formula proven effective that kills horn flies, flesh flies, stable flies, house flies, bottle flies, mosquitoes, fleas, ticks & lice Davis Livestock Spray is breakthrough product to kill flies and other livestock parasites. It is non-toxic, safe for the environment, safe to use in and around animal quarters as well as directly on livestock and does not contain Pyrethrin or Permethrin. This insecticide targets neurological receptors active only in insects and arthropods, not in mammals or aquatic vertebrates. Unique formulations have been proven effective, even against insects that have developed a chemical resistance to traditional insecticides. Biting flies are carriers of disease including anaplasmosis and bovine leucosis virus. Davis Livestock Spray kills

horn flies, flesh flies, stable flies, house flies, bottle flies and animal parasites such as mosquitoes, fleas, ticks & mites. For severe infestations, dilute 1 part Davis Livestock Spray to 9 parts water. For maintenance treatments, dilute 1 part spray concentrate to up to 39 parts water.

PART #	DESCRIPTION	PRICE
223-1002	LIVESTOCK SPRAY 1 GAL.	\$45.44

POULTRY SPRAY CONCENTRATE

A non-toxic formula proven effective for killing resistant darkling beetles, lesser mealworms, bed bugs, mites, fleas and ticks on chickens, ducks and turkeys. Davis Poultry Spray is proven effective, non-toxic, safe to use in poultry facilities even when birds are present and can be used directly on birds. There is no re-entry wait time or re-application limit and it is safe for the environment. Beetles have become resistant to the current pesticides, requiring constant pesticide rotation. Breakthrough technology has a completely different mode of action versus traditional insecticides. This insecticide targets neurological receptors active only in insects and arthropod that are not active in birds or mammals. For severe

infestations, dilute 1 part Davis Poultry Spray to 9 parts water. For maintenance treatments, dilute 1 part spray concentrate to up to 39 parts water.

AGRID 3 BAIT CHUNX

Agrid3™ is the only rodenticide registered by the EPA for use in organic production to control rats and mice. The 1 oz. tightly compacted Bait Chunx® can withstand virtually any baiting condition. The blocks have an extremely high melting point of 200° F, are mold and moisture resistant and resist crumbling. The active ingredient Cholecalciferol

is an acute rodenticide capable of killing anticoagulant-resistant rats and mice. Agrid3™ has a unique mode of action that causes rats and mice to stop feeding after consuming a lethal dose, reducing the total amount of bait consumed and substantially reducing the risk of secondary poisoning. Can be secured in a bait station. OMRI listed for organic use.

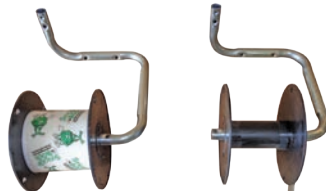

PART #	DESCRIPTION	PRICE
223-1016	4 LB. AGRID 3 BAIT CHUNX	\$38.55
